Tony
You are a sweet
person "I wouldn't lie"
I'm so glad to say that
"Honey you are all mine"
I would never think I share
you with any other, because my
heart keeps getting bigger.
You are so sweet and dear
your so good looking like
a Teddy bear "I'll
"I love you always and
forever Love???"

Lucille Horton

With the retirement of Lucille Horton this year, Monticello loses one of its most interesting, vivacious, and committed educators. Mrs. Horton, who has taught mathematics for 29 years, 20 of them in Monticello, is the very model of the best kind of teacher. Not only a shrewd, well-respected, well-liked math teacher, she has found time, and no one else, to participate in many of the school's musicals throughout the years. Many of us remember her sparkling performances in **Music Man**, **Bye, Bye Birdie**, **Mame**, **Hello, Dolly**, **Sound of Music**, **South Pacific**, and, especially, her Glorini in **Fiddler on the Roof**.

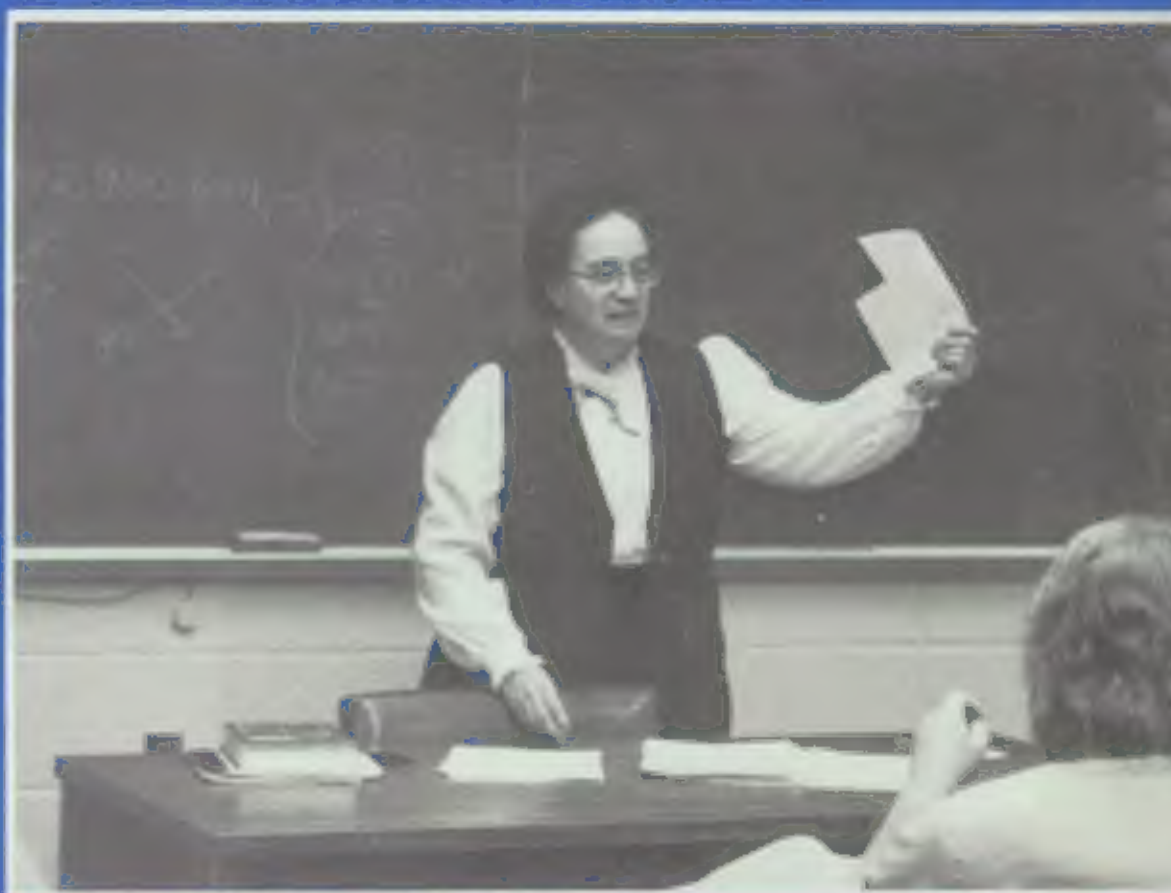

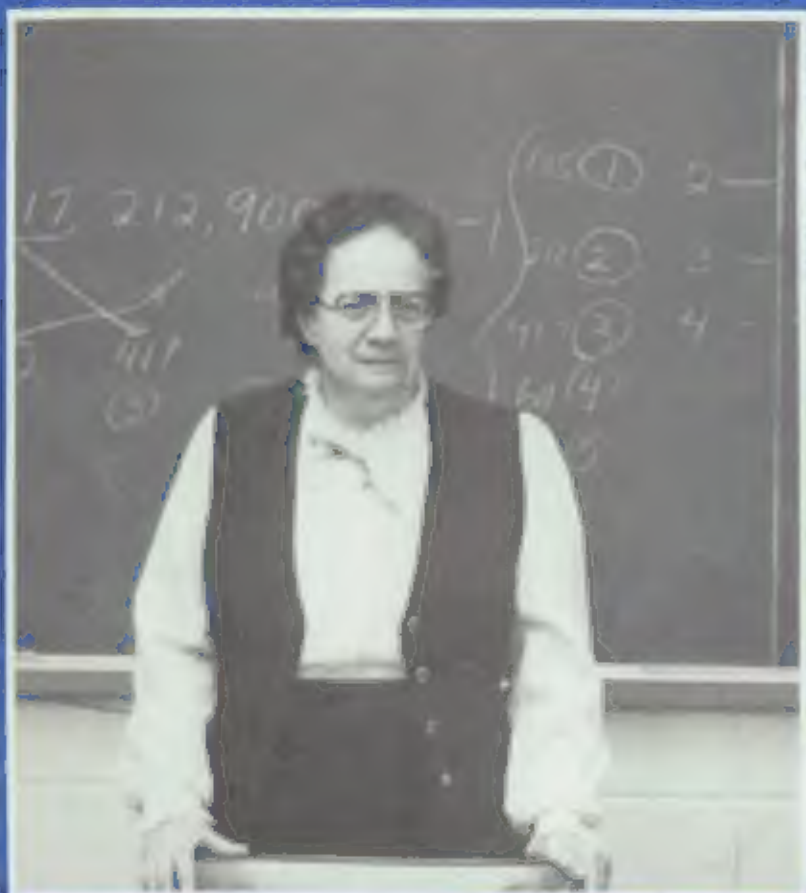

Most important, perhaps, has been Mrs. Horton's commitment to the total education of her students. It is not surprising that she graduated from Albany State Teachers' College with a double major in math and English. She is indeed a literate individual who could easily have had a career teaching English. She is, too, a well-satisfied individual whose involvement in all aspects of music, drama, her universal tastes, and interests.

If mathematics is her first academic love, she says that her "greatest enjoyment has always been classroom teaching, interacting with teenagers. The biggest thrill comes in seeing the light dawn when a new concept has been presented. The most frustrating part of teaching is trying to work with a student who has turned himself off and is not interested in learning."

Mrs. Horton "looks forward to doing the many things which I have put off during the 29 years I have been teaching. I intend to practice the piano at least four hours a day; do needlepoint, oil painting, become actively involved in music, and travel, travel, travel!"

Some of her travel will no doubt be visit to her daughters, Dorothy, Susan, and Barbara, all of whom graduated from Monticello High School. We wish her (and her husband) all a long, healthy, and happy retirement. We hope to see her often.

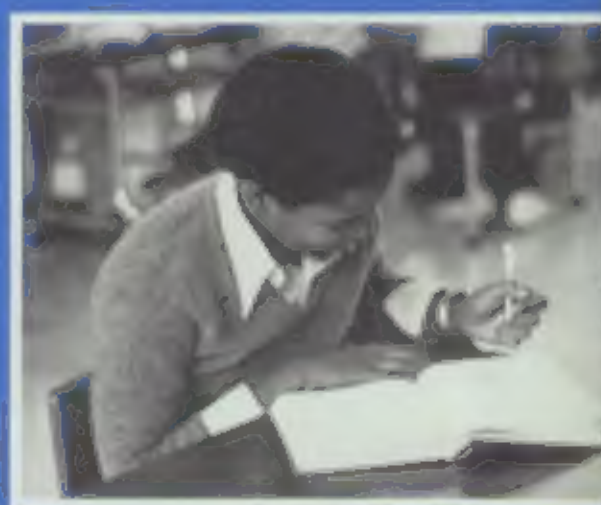

We will miss you, Mrs. Horton! You have imbued us with your love of learning, filled us with your optimistic sense of decency, and covered us with the warmth of your humor. We love you; we wish you well; we thank you!

RATION

A black and white photograph of a group of people, likely a church choir or a group of students, standing behind a long table. There are seven people in total, four men and three women, dressed in formal attire. The setting appears to be indoors, possibly a church or a school hall. A sign on the left side of the table reads "DRILL".

Exchange Students

The foreign exchange student from Sonora, Mexico is Marcos Romandia. He is staying with the Goldsmith family in Monticello. He is currently participating in activities such as interact and the Spanish Club. Marcos feels that Monti High is larger and less strict in comparison to school in Mexico. He also finds that the students and faculty here at Monti High are very outgoing and polite.

All of us hope that the remainder of his stay here in the United States is pleasant and memorable. We wish him the best of luck in the future.

We have another exchange student here in Monticello High. She is Camilla Oest of Taby, Sweden. She is staying with the Lauferwiler family in White Lake. She also has involved herself in school activities by joining Key Club, soccer, and skiing as well as being a member of the Yearbook staff. She is an skier and when she returns to Sweden she will work as a ski instructor.

We hope that Camilla has had fun in America and we hope to see you again in the future.

Exchange Students

Not only did we host students from foreign countries here we also sent students to foreign countries. Jamie Zelaniko is one of those students. She is spending her senior year in Emmen, Holland. She is staying with the Dolink family. It was difficult to adjust to her new life at first but now she is enjoying her visit and has made new friends, one of whom is the Dolink's fifteen year old daughter.

We certainly hope that her times in Emmen will be memorable and we look forward to her return.

Another student who is spending her senior year in a foreign country is Debbie Kaufman. She is staying in Orsa, Sweden. Her hosts are the Kalleberg family. Debbie finds the people to be a bit more sociable with each other than people in the U.S. It was hard for her to deal with the language gap at first so she had a translator to help her in her academic subjects. She enjoys Sweden and spends time on the European handball courts and in the Discos.

We're looking forward to Debbie's return to the United States and we hope she enjoys the time she has left in Orsa.

One of our seniors attended school in a foreign country last year. That student was Ellen Greenwald who participated through the Rotary Exchange Student Program. She visited Italy. She stayed in Pisa as well as other cities in the country. Among her favorite things were going out and sampling Italy's pizza and pasta with the new friends she made. The people there must be wonderful because she would love to return someday. We're sure she will.

Welcome back Ellen. We missed you!

Class History

Remember Mrs. Goldsmith's 5th grade class when Billy Crossant told everyone he swallowed live salamanders and worms. No one believed him. The next morning, he brought in a salamander and swallowed it live.

The greatest honor in the Cooke School was to be picked to decorate the bulletin board out in the hall.

The second grade class went to the circus in 2nd grade. Jill Eshelman and Russ Paramore were paired up together. When they got there, they had to sit so far back they had to share Jill's glasses.

The 8th grade yearbook staff used to eat lunch in Mr. Hens' room. He used to munch out on everyone's lunch. That's why the graphs in Mr. Rokeach's classroom shot up to 200 lbs.

Everyone got sick during the winter of 8th grade. The orchestra for the winter concert was a disaster!! Rob O'connor got sick and couldn't go so Jamie Zelanko took his spot. She dropped all the music on the floor on stage and it went under the risers. The drums had no music.

9th grade earth science went thru three D's: Durr, Dracoes, and Bruersch.

In Memoriam

M. R. H. S. H. W. S. H.
December 7, 1948 April 22, 1948

We Mourn not because we see
The Ancient Eye
Exalted in the company
At the society

A way is the River of Stars
We know that their superior Eyes
Have seen the way

In Memoriam

Kennerth "Jimmy" Bailey
September 18, 1965 - May 3, 1983

For the evening star
And the clear call for me!
And may there be no moaning
When I put out to sea

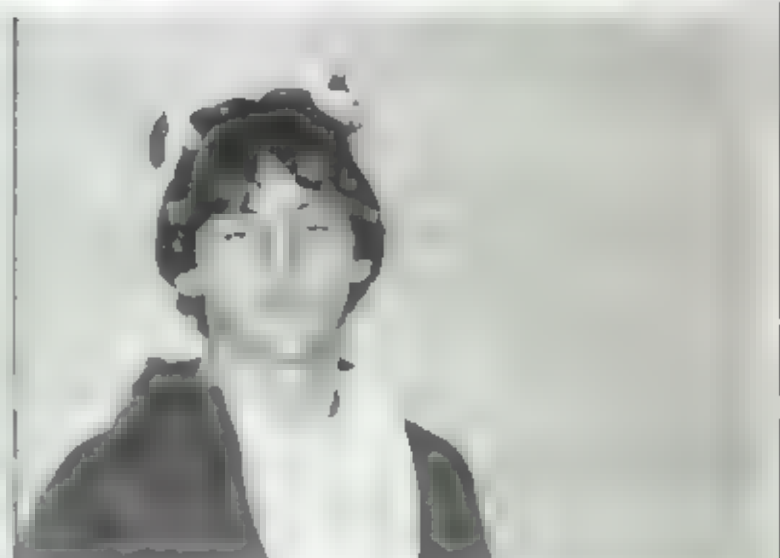

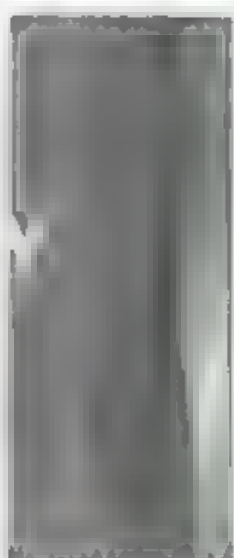

But when the tide is high and the moon is full
The night is dark and the water is cold
When the wind is howling and the waves are wild
The night is dark and the water is cold

For the evening star
And the clear call for me!
And may there be no moaning
When I put out to sea

For tho' from out our hearts
The flood of tears may flow
I hope to see my loved one
When I have come to rest

The Boys' cross country team had one of their finest seasons ever. They finished with a 9-1 dual meet record. They won every invitational except St. Anthony's Invitational in which they finished sixth. They won the O.C.L. Championship and finished second in the Section 9 Championship. In the Federation Meet, they finished 22nd which means that they are 22nd in the state. Congratulations!

The tennis team began the season as a young team. We were new players. New players were guided by the small number of returning players. We worked hard for the smallest accomplishments, encouraging each other every step of the way. Nobody gave up. Each of us got the ball over the net any way she could. If we didn't have the ball, we made up for it by hustling all over the court. We hustled every day every match. We never lost our spirit. Our record was 1-10. It could never be broken.

In our eyes we had a successful season. The season ended as an encouraging experience for the new players, and a personal achievement for the seniors. We learned that we could be proud of our team as long as each member tried her hardest and played her best.

A black and white photograph of a large group of people, likely a sports team, posing in front of a building. The group is arranged in several rows, with some individuals standing and others kneeling or sitting in the front. A man in a light-colored shirt and dark pants stands prominently on the right side of the group. The background shows a building with a chimney on the left and a fence or wall behind the group. The image is somewhat blurry and has a vintage feel.

SPECIAL THANKS

Mr. Harding: Thanks for putting up with our annoyances near deadline time, and for being there whenever we needed you.

Mr. Rader: Thanks for opening up on a Sunday for the "World's Greastest Painters," for the art exhibition, thanks for all the passes to class, opening the door when we forgot our keys and for being the best frisbee player we know.

Mr. Levandowski: AKA: Mr. LeBandowski. Thanks for the use of the phone and for being so nice!

Mrs. Gearhart, Mrs. Ellenberg and Mrs. Eshelman: Thanks for taking care of those missed classes, and for maintaining your cool when we called the office and didn't mean to.

Judy McGowan: Thanks for all the class lists you lent us, and for being the friend to all of us now and always.

Mrs. Burke: Thanks for doing such a great job handling our finances and for putting up with all of our noise.

Mrs. MacAdam: Thanks for always 'quenching our thirst', and for being the absolutely sweetest person we know.

Mrs. Borko and Mrs. Ingberg: Thanks for letting us use the typing rooms.

Mr. Skalski: Thanks for telling us where the spaces should and shouldn't be, and for all your help.

The Class of 1984: We've always known that our class would work harder than any other, as you've shown time and again.

Not only did the Class of '84 have the best Junior Prom, but to top it off you also raised the most money for the Magazine Drive in Monti High's history!

We knew we could count on you! We could not have done this without you.

Bozo: It started out rough, but it couldn't have ended any better!

If it wasn't for our nervous advisor pacing around the office and making us worry from time to time, we never would have pushed ourselves the way we have.

Not only have we created a yearbook, but we have also made a very special friendship that we will always treasure.

Thanks for making our Senior year so special, we will always remember it fondly.

It is the notorious year 1984, but our class is proof of how wrong George Orwell really was. An overview of the class reveals a healthy divergence of original ideas and imaginations. Yet, as different as each of us may be, together our efforts have yielded this great yearbook.

We would like to extend a special thanks to all our classmates for keeping your determination, for putting up with our countless dittoes, and for giving us the most successful magazine drive ever! No other class can compare!!

We'd also like to thank our advisor, Mr. Bobby Rosengard, more affectionately known as "Bozo." Not only did he supervise our work and keep us honest, he became a valuable friend to us all. We will never forget him. We'll miss you, Bozo.

We hope you enjoy the memories we've tried to capture in this yearbook. No one could have had a better time putting it together. We'll never forget the friendships we've formed and the good times we've shared.

We wish you all happy and satisfying lives, good friends, and wonderful memories. Thanks for the good times!

With much love and friendship,
Always,
SUE, LISA, AND MEL

1984. The promised year of horror. The time of Big Brother, Newspeak, Doublethink, and other mind-controlling systems. Sometimes when I read the newspapers or watch the commercials on television, I think that Orwell had a point. I worry if all of you will find yourself in a Stepford world . . . and not even know it.

Then I consider the people who have worked so diligently to produce this yearbook and I know that none of you will go gently into the mindless world Orwell predicted.

I know that I work at this job because my greatest satisfaction lies in watching young people - students, grow, learn and succeed in their activities. Nothing pleases quite so much as a group of students performing a piece of music they have learned to play well or a group of youngsters changing uncertainty, fear and disorganization into a beautiful yearbook. Thank you for this gift. You are the reason most of us remain teachers.

Sue Krekun - "Krek" - more than anyone else you organized and guided this enterprise to a successful ending. You developed great skills and talents for organizing and delegating responsibility without ever losing your good-natured pleasant disposition. I was doubly fortunate in finding a competent editor and a compassionate person who forgave me my errors. Love and thanks.

Lisa Giarrusso - my many thanks for all the intangible services you performed for the yearbook. You were always ready to take on any job and do it reliably and well. You stepped into the co-editorship with Carmella Piturro and both of you became indispensable. "Mel," you, too provided the extra ingredient we needed this year and you did your task with warmth and good humor. Thanks to both of you for producing. Jill Eshelman and Kim Francica - co-layout editors - my thanks to you for a superb job done accurately and pleasantly. Your presence alone always lit the yearbook office up. Brenda MacAdam, Jamie Noeth, Tina Jasuta, Terry Coney, Amy Smith, and Linda Jahrling - your individual contributions were many and indispensable. Together you raised more money than your nervous advisor ever thought possible. You carried out your assignments with your own distinctive forms of efficiency. Thank you many times. Eric Nordby - sports editor - in some ways, you represent most perfectly the reasons that Big Brother hasn't got much of a chance with your generation. Your uninhibited individuality is a form of grace. Thanks for sharing it: you brightened my year. To all the members who worked so well to make this yearbook a reality, our deepest appreciation. Remember us when you have left as we will recall each of you: with great fondness and love. Thank you for once again reminding me why I teach.

Love,
Bozo
